HISTORY OF CASA

CASA of Galveston County (Galveston CASA) is one of over 950 programs in 49 states affiliated with the National CASA/GAL Association. The local names of these programs vary, but they include: Court Appointed Special Advocate, Guardian Ad Litem, and Voices for Children.

The original Guardian Ad Litem program was established in 1977 in Seattle, Washington. Judge David Soukup conceived of the idea that individual citizens could serve as representatives of the community to advocate for children who have no one to stand up for them once they are removed from their families because of abuse or neglect. A trained force of volunteers was designed to serve one case at a time as the eyes, ears, and legs of the court to inform it about the child's circumstances. The volunteers are to see that the child's best interests are served by placing the child as soon as feasible with his family or one in which he or she could attain adulthood in a safe, nurturing environment.

The phrase "permanency planning" refers to this kind of plan. The goal of the child welfare/justice system process is to avoid lengthy stays in one foster family after another, which frequently occurred before reforms at the federal level were instituted. As a result of a variety of studies, it was noted that a high proportion of juvenile offenders had been abused, neglected, placed often in foster families, and alienated in general through the lack of an opportunity to feel a sense of belonging and identity.

During the late 70s and early 80s, the concern for what happens to children left in the limbo of a temporary situation in foster care led to federal reform. Model laws were developed at the national level. Every state now has laws modeled after the national laws so that they can be eligible for federal funds. In all states when children are removed from their families by the court and placed in foster care, someone is appointed to advocate for their best interests.

Usually, this appointed person is an attorney Ad Litem, but in some states he/she may be a Court Appointed Special Advocate. There must be a judicial review at least every 5-7 months on each case, and the state child protection agency must review its case plan for each child every 5-7 months. In 1984, public law 96-272 was implemented. This mandates that the Child Protective Service caseworkers must show the judge that an effort was made to avoid long-term removal of the child from his family and that a case plan discussed with the family sets forth the expectations the family must satisfy to ensure return of their children.

The National Council of Juvenile and Family Court Judges responded to the growing awareness of the problem of "foster care drift" by teaming up with the Edna McConnell Clark Foundation to seek reforms in the child welfare system. This foundation granted funds to the national office of the National Council of Jewish Women to set up five pilot programs modeled after the Kings County Guardian Ad Litem program in Seattle. In 1979, it was demonstrated in Dallas, TX; Harrisburg, PA; Worcester, MA; Jacksonville, FL; and St. Louis, MO that the Seattle program could be duplicated. A start-up manual was published. Similar programs were instituted in other

localities: some funded by the court system, some by the Junior League and National Council of Jewish Women and, increasingly, some through federal grants.

The national organization first met in 1982 with 25 groups represented and was named "Court Appointed Special Advocate." Since then, the movement has spread throughout the country.

The Galveston County CASA program was formed by the Resource and Crisis Center after the Board of Directors was approached in the early part of 1993. The Family District Judge requested that the agency consider developing a CASA program. CASA trains volunteers to work with children who are in the custody of Children's Protective Services (CPS), providing an impartial adult whose only task is to make recommendations about the best interest of the child. The program staff works closely with the Texas Department of Family and Protective Services, the Family District Court, and the Galveston County District Attorney's Office along with many other community partners.

In Texas, there are now over 72 established programs, and more are in the planning stage. There is a state organization called Texas CASA, Inc., which serves as a state network. It encourages the growth of new programs and works on legislative issues as well. In 1985, the state legislature passed a bill giving volunteers with court approved training the right to represent abused and neglected children in court. This bill appears as a line in the Texas Family Code along with a provision for immunity from liability if CASA work is done in good faith.

As of September 1, 2014, Galveston CASA separated from RCCGC and became an independent nonprofit organization. This change, more than a year in the making, was undertaken for the program to receive the awareness necessary for it to thrive and serve a higher percentage of children leaving approximately 225 without an advocate. Programs with population sizes and geographic areas like Galveston County serve 90-100% of children in their service area. Increased awareness and support are already occurring through responses to publications in the media, direct community outreach, and development activities by an Executive Director and Board of Directors solely dedicated to the program.

MISSION STATEMENT

The mission of Galveston CASA is to provide trained community volunteers, appointed by the court, who advocate for the best interest of children who have experienced abuse and neglect in the foster care system in an effort to secure safety and permanency through family reunification while increasing awareness about child abuse.

VISION STATEMENT

11. The program ensures that volunteers complete 12 hours of continuing education annually, (pro-rated based on the volunteer's date of swearing in) consistent with National CASA/GAL guidelines and the program documents completion of this requirement for each volunteer. Continuing education hours should be related to the work of best interest advocacy and can be completed through a variety of sources and delivery methods such as education events hosted by the local program or state organization (such as an annual conference), program- approved externally provided opportunities in person or online), National CASA/GAL webinars, program-approved books, and videos. 6.6.1 Case Closure and Evaluation Process

Advocates and supervisors will participate in Case Closure Evaluations at the close of an advocate's case. One form is used in this instance and is filled out by the volunteer: Case Closure Form.

1. Case closure forms are to be completed as soon as possible after the advocate's case closes. This form is a chance to gauge the volunteer's experience working the case and desire to take a new case. It is not meant to take the place of the annual evaluation.
2. Advocates and supervisors will also participate in Annual Evaluations during the anniversary month of the advocate's swearing in. Two forms are used in this process: 1) CASA Volunteer Evaluation Form Part A: Supervisor and 2) CASA Volunteer Evaluation Form Part B: Volunteer.
3. Supervisors schedule with their advocates one month in advance for their evaluations. Evaluations are scheduled for one hour. If an advocate is assigned to two cases with two different supervisors, both supervisors participate in the evaluation meeting. For an annual evaluation, both supervisors fill out Part A.
4. Prior to the evaluation, supervisors send Part B to the volunteer to complete, and the supervisor completes Part A. Both forms are shared at the meeting. During the hour-long evaluation, the supervisor and volunteer go through each Part together. This process is designed to gauge advocate performance and for the advocates to provide feedback so the supervisors know how they can improve their guidance.

CASA of Galveston County requires advocates to cease contact with the child(ren) after their case is closed. If a child, family, or adoptive family initiates or tries to maintain contact with their volunteer, the volunteer must inform their Advocate Supervisor and should seek to limit that contact. It is not permissible for a volunteer to initiate contact with a former child, family, or adoptive family after case closure.

- Best Practice Recommendation: If a closed case is re-opened, CASA of Galveston County will make best efforts to re-assign the same volunteer from the previous case, if the volunteer is willing/able and it is in the child's best interest.

Section 6.7 Background Checks

Record checks are completed on each volunteer utilizing the Department of Public Safety (DPS)/Federal Bureau of Investigations (FBI) Fingerprint Background Check (FBC) and the Child Abuse and Neglect registry maintained by the Texas Department of Health and Human Services, which includes Texas criminal records, Texas sex offender registry, national criminal records, national sex offender registry, social security number check and child abuse registry check. Galveston CASA may choose to complete these backgrounds checks by another agency if the DPS Fingerprint system is unable to collect fingerprints from the Advocate. There is a cost incurred by the volunteer for the DPS Fingerprint Background Check. This fee may be reimbursed by submitting a paid receipt to the program staff.

No person is considered qualified who has had prior convictions for child abuse or neglect, or related acts that would pose a risk to children or to the program's credibility.

- A board member, staff, or volunteer whose background check produces a conviction, guilty plea, plea of no contest, acceptance of deferred adjudication, or pending charge is permanently barred from service or employment if the charge is any level of offense under the Texas Penal Code, Chapters 19, 20, 20A, 21.02, 21.07, 21.08, 21.11, 21.12, 22.011, 22.02, 22.021, 22.04, 22.041, 22.05, 22.07, 22.11M 25, 28.02, 29, 30.02, 33.021, 42.072, 43, 46.06, 46.09, 46.10, 48.02, 49.045, 49.05, 49.07, 49.08, 49.09, 71, or any other charge involving violence, child abuse or neglect, assault with family violence, a sex-related offense, or a history of founded allegations of abuse with DFPS.

During emergencies/disasters and by direction of our national, state, county, and local leaders a modification in the availability of DPS/FBI Background check systems might alter this requirement until full background checks can be completed and cleared. The Executive Director will provide information necessary to ensure the agency remains in compliance with our state and national standards for background checks. Volunteers will be asked to adjust their advocacy as directed by the Executive Director until otherwise notified.

Galveston CASA will unsubscribe to DPS Fingerprint subscription within 48 hours of notification the advocate is not actively assigned to a case. When they advocate becomes actively assigned to a case Galveston CASA will subscribe to their DPS Fingerprint record ensuring that the rap back service is validated. If during the unsubscribed time the advocate violates any of the background requirements the advocate may be ineligible to continue their active status and will be notified immediately. At that time the advocate will be dismissed from the program active status and will be in-eligible for reinstatement.

Advocates will be eliminated for consideration based on, but not limited to the following:

- *Zero tolerance for all registered sex offenders.
- *Zero tolerance for all convictions of crimes against children.
- *Zero tolerance for all convictions of violent acts.
- *Persons with pending charges for child abuse and neglect, sexual assault, and violent acts offenses will be considered only after resolution of such charges.
- *Driving is required from CASA Advocates; Galveston CASA will not consider applicants who have had felony convictions involving a motor vehicle in the last 10 years or have misdemeanor DWI offense within the last 10 years.
- *Any other offense that could hurt the credibility of the CASA organization will be considered on a case-by-case basis.

SECTION 7: RECRUITMENT AND SELECTION

Inclusiveness and diversity are essential components of Galveston CASA’s recruitment efforts. Galveston CASA actively seeks individuals who respect a child’s inherent right to grow with dignity in a safe environment that meets that child’s best interest. Galveston CASA includes targeted strategies to attract volunteers from diverse cultural and ethnic backgrounds and from a variety of age groups and socio-economic levels who reflect the diversity of the children served.

Potential volunteers will be informed of, and referred to other CASA programs, National CASA, or Texas CASA if the applicant might be eligible for, or prefer to serve in another CASA/GAL program.

A volunteer trained by Galveston CASA is appointed by the court to advocate for children who have come into the care of the Department of Family and Protective Services (DFPS); a result of a Suit Affecting the Parent-Child Relationship. A CASA Advocate volunteer, or staff member if an advocate is not immediately available, is responsible for advocating for the child’s best interest at every stage of the case once appointed by the court.

Galveston CASA strives to recruit volunteers who further CASA’s mission:

1. by selecting individuals with experience and qualifications that best meet the needs of the child(ren).
2. by enhancing opportunities for internal mobility and the promotion of qualified candidates who are current volunteers.
3. by enhancing advocacy for women and minorities in areas which they are underrepresented.
4. by considering candidates without discrimination based on race, national and/or ethnic origin, gender, marital status, sexual-orientation, handicap/disability, religion, veteran status, age, or any other unlawful factor.

The program responds to all potential volunteer inquiries within five (5) business days of receipt.

A CASA volunteer serving CASA of Galveston County is considered a unique volunteer by both National CASA Standards and Texas Health and Human Services as defined as serving only one court jurisdiction.

- If a volunteer served in another state and moves to Texas and becomes a volunteer/staff with CASA of Galveston County they will be required to inactivate their status with the other jurisdiction and show proof before being sworn in the court jurisdiction in Texas served by CASA of Galveston County.
- If a volunteer moves out of the state of Texas they may remain serving as a CASA volunteer with CASA of Galveston County as long as they are only serving under CASA of Galveston County's court jurisdiction in Texas where they were sworn in.
- If a volunteer moves out of state and activates as a volunteer/staff member with a CASA program in their new state, they will be inactivated as a volunteer with CASA of Galveston County upon that activation in the program court jurisdiction.
- A volunteer must not provide foster care to a child in the managing conservatorship of DFPS unless the volunteer is related to the child. This prohibition does not apply to:
 - a. a volunteer with whom DFPS placed a child prior to June 30, 1999; or
 - b. a volunteer with whom a child has been placed by an agency or person other than DFPS and the child is not in the managing conservatorship of DFPS.

A volunteer may not be assigned to any case in which the volunteer is related to any party.

All screening is completed before the volunteer is assigned to a case and written verification is placed in the volunteer file.

All CASA volunteer applicants are required to:

1. Complete a written application (accessed via online cloud-based database) containing information about educational background, training, employment history, experience working with children and social media accounts.

Section 7.4 Rejection of Application

1. Applicant refuses to sign a release of information form or refuses to submit the required information or fingerprints for any of the checks required.
2. Applicant is found to have been convicted of, or charges pending for a felony or misdemeanor involving a sex offense, child abuse or neglect of related acts that would pose risks to children or the CASA program's credibility. - In addition to the 30+ hours of pre-service training, the program requires each volunteer to visit the court served by CASA while the court is in session to observe abuse/neglect proceedings before appearing in court for an assigned case. The in-person court observation may be conducted via other means as determined by the Executive Director.
- The Pre-Service Advocate Training Interview is a part of the screening process, and acceptance to participate in the training does not guarantee that the potential

advocate will be sworn in as a CASA or that they will be assigned to a case. The potential advocate or CASA can choose to discontinue their involvement in the training/screening process at any time without further obligation on the part of either party.

- Upon completion of training, as well as other screening processes (returned reference forms, criminal record check, social security number check, and CPS check) the volunteer will be reviewed for the purpose of determining the eligibility to be assigned to a case as a CASA volunteer.

During an emergency or disaster declaration the facilitation and participation of the necessary pre-service training requirement may move to an on-line visual method to satisfy the in-person training requirement. The Executive Director will decide, and all participants will be notified of the change.

Section 8.2 Post Training Interview

1. Post training interviews will be conducted by designated program staff, utilizing the Post Training Interview Form, of each volunteer prior to or directly following swearing in.
2. Each advocate volunteer must complete this interview before case presentation or assignment.

Section 8.3 Continuing Education.

Volunteer advocates are required to attend 12 hours of continuing education throughout the calendar year. The number of required in-service training hours for newly trained volunteers will be prorated according to when the volunteer completed training. (i.e., If an advocate is sworn in during May, only seven hours of continuing education would be required).

Galveston CASA will provide training opportunities throughout the calendar year and will notify volunteers of other outside opportunities as they arise.

Volunteers may also acquire continuing education credit from outside sources that they learn of on their own (including college classes) so long as they are approved by CASA staff and are relevant to CASA work (i.e., children's issues family issues, the legal system, case management, or other relevant topics) and to include annual cultural competency training. Continuing education opportunities are posted on the CASA of Galveston County website at www.casagalveston.org/resources. Continuing education will be documented by the volunteer in the Optima database system and approved by their supervisor.

Section 8.4 Volunteers Transferring to Galveston CASA.

A CASA volunteer who transfers from another CASA program must complete a Galveston CASA volunteer application and undergo all required background checks. Participation in an in-person interview and a volunteer training refresher is also required which may include the following: the background and needs of the children served by the local program, local court, laws, program policies and procedures, investigation and report writing. Transfers from other CASA programs can be subject to full retraining at the discretion of the Executive Director.

SECTION 9: CONFLICT OF INTEREST

CASA advocates are expected to always act in good faith and in the best interests of CASA.

A conflict that renders the person unable or potentially unable to perform duties in an impartial manner. A conflict that permits a person to receive or potentially receive private gain or favor for himself or herself or others, or otherwise creates the appearance of impropriety.

A CASA advocate cannot accept or be assigned to a case in which the advocate is related to any parties involved or to be employed in a position or with an agency that might result in a conflict of interest.

All CASA staff, paid consultants, governing body members, and volunteers are prohibited from having direct or indirect financial interest in the assets, leases, business transactions, or professional services of the program.

Any situation involving a potential conflict of interest, including all relevant information pertaining to the possible conflict, shall be disclosed to the management of CASA, and put in writing to the Board of Directors.

Directors and management staff will carefully weigh all circumstances in which there exists the possibility of accusations of competing interests. Those involved in the possible conflict may not participate in any decision-making process related to the matter. Furthermore, involved parties shall excuse themselves from the room when there is any deliberation and decision on the matter of interest. The minutes of the board and/or committee meetings shall reflect that the conflict of interest was disclosed, and that the person interested was not present during the deliberation and decision on the matter of interest.

It is recognized that volunteers may be offered gifts or similar favors from persons utilizing the services of CASA and common courtesy may require the acceptance thereof. However, gifts cannot be accepted if they are offered (or appear to be offered) as an inducement to perform an act inconsistent with the best interest of CASA or if acceptance, directly or indirectly, places the recipient under any obligation to the donor. In no event should a person accept: 1) cash payments or 2) gifts or similar favors having a value in excess of \$25, or a total annual value of \$100.

Duly elected Directors shall review the policy annually. Revised manuals will be distributed to all advocates after board approval.

SECTION 10: COMMUNICATION

Communication is an important part of doing business; therefore, we want you to be aware of what is happening within the CASA organization.

- a. Newsletter Communication
- b. Case communication from program staff
- c. Communication about optional training opportunities

There is also information available via our website, www.casagalveston.org and Facebook page –CASA of Galveston County.

The best way to keep yourself aware is to become involved; if you have a question, please ask.

SECTION 11: CONFIDENTIALITY

A person is not liable for civil damages for a recommendation made or an opinion rendered in good faith, while acting in the official scope of the person's duties as a board member, staff member, or volunteer of a local volunteer advocate program.

Volunteers, employees, and directors of local volunteer advocate programs must abide by the conduct, confidentiality, and conflict-of-interest requirements outlined in this section, as well as all other laws and regulations governing the prescribed conduct and activity.

Part of the responsibilities of a CASA advocate requires that all information provided regarding the child(ren) and families be held in strictest confidence. Failure to comply with confidentiality can be grounds for immediate dismissal from the CASA program.

Guidelines for maintaining confidentiality include:

1. Maintain confidentiality upon completion of Pre-Service Training.
2. Keeping all written records in a secure place or reviewed digitally in the online database system (Optima).
3. Upon acceptance of a case the advocate will complete the online case acceptance form agreeing to the confidentiality statement and to return all records the advocate may have in their possession at the end of the case or when they are no longer an active participant.

4. Not discussing the case with anyone other than those parties approved by CASA supervisory staff.
5. Following all CASA procedures regarding which records may be kept and which must remain in the CASA office.
6. Returning all case records to the CASA office within 10 days of case closure or resignation from the case or program.
7. The program (staff or volunteer advocates) will not share, except as the state law or court order allow, the following: the child's full name, the child's location; the child's placement; the child's history of abuse and neglect; records regarding social services, law enforcement records, school records; probate or court proceeding, medical, mental health, or drug and alcohol treatment record, or any relevant records related to the child obtained as Guardian Ad Litem or CASA Advocate.

The law that governs the confidentiality of our case files is in the Texas Human Resources Code (40.005) which provides that, a person who is authorized to receive confidential information shall maintain its confidentiality and shall prevent disclosure of the information to a person who is not authorized to receive the information. It is a Class A misdemeanor to disclose, without authorization, confidential information contained in the Texas Department of Family and Protective Services records, papers, files, or communications.

SECTION 12: CRIME VICTIMS' COMPENSATION

A child might be eligible for Crime Victims' Compensation (CVC) due to them being a victim of a crime that resulted from their abuse/neglect case or referral. While their case is open, the state/Medicaid pays for any medical care or therapy our children need, but when they are out of state custody, CVC funds can begin to pay for this care.

CASA of Galveston County will perform the following preliminary assessment to assist the Department of Family and Protective Services (DFPS) in identifying potentially eligible children in their custody:

1. CASA supervisor will ensure that placements receive a Crime Victims Compensation (CVC) application and CVC brochure. CASA supervisor will print a copy of the blank CVC application and paperclip it with a CVC Brochure
2. CASA advocate or supervisor will take this paperwork on their first/next home visit to provide to the placement or sent via US Postal Service or e-mail if unable to visit the home in person due to an emergency/disaster declaration and face to face visits have been suspended.

- a. This will be logged as “CVC Research/Referral/Follow Up”: during your visit, note in contact log that you gave the CVC application and flyer to the placement and;
 - b. Note CASA does not complete the application or do any more than provide the blank application to the caregiver
3. CASA advocate or supervisor will send an email to DFPS caseworker to let them know the application has been provided to placement.
 - a. This will be logged as Caseworker Contact: email CPS with the blank application, letting them know you provided this to the placement

 - a. This follow up with be logged as "CVC Research/Referral/Follow Up"
6. If a child changes placements and they are potentially eligible:
 - a. Provide blank application to new placement (CVC Research/Referral/Follow Up")
 - b. Update CPS that you have provided application (Caseworker Contact and CVC Research/Referral/Follow Up")
7. If a child changes placements and CPS has already completed their application and received an eligibility letter:
 - a. Provide eligibility letter to placement (Placement Contact and CVC Application Status)
 - b. Update CPS that you have provided letter to placement (Caseworker Contact and CVC Application Status)
8. If placement receives a letter of acceptance or denial, CASA is to be provided with a copy of the letter. The letter is then to be uploaded into Optima.

Sometimes charges are not brought until the middle or end of a case. The advocate and supervisor will remain abreast of any potential criminal charges, especially those related to positive drug tests in our children. This process can and will be completed anytime criminal

charges come up related to the child, not just those that come up at removal or at the beginning of the case.

This includes attending court or other child-related meetings in-person and through virtual technology. As such, it is extremely important that our Advocates be concerned with their professional appearance. Advocates are expected to dress in an appropriate manner while on CASA business, using good judgment as guidelines. CASA reserves the right to discuss with any advocate his/her dress and to request changes, if deemed necessary. If you are in doubt as to what is appropriate, please consult with your supervisor.

To maintain a professional image while participating in meetings virtually it is recommended that the volunteer also maintain confidentiality to their location by utilizing a professional background option on virtual video technology. CASA related virtual backgrounds are available by contacting your supervisor or visiting our CASA website resource page.

SECTION 16: COLLABORATIVE FAMILY ENGAGEMENT (CFE) PRACTICES

CASA of Galveston County believes that every child has a family and a right to know them, and that all family members deserve to be heard and provided with a chance to show themselves as safe and caring. CASA of Galveston County believes every child deserves to thrive, and children thrive in healthy, positive relationships. Connections and relationships are critical for well-being and feeling safe, which is why CASA of Galveston County will use the Collaborative Family Engagement (CFE) approach as a best practice in all cases.

CASA’s role as the Guardian Ad Litem, according to the Texas Family Code, already assigns supervisors and advocates with the duty of interviewing people who have knowledge of the child.

Sec. 107.002. POWERS AND DUTIES OF GUARDIAN AD LITEM FOR CHILD.

(b) A Guardian ad litem appointed for the child under this chapter shall:

(1) within a reasonable time after the appointment, interview:

(A) the child in a developmentally appropriate manner, if the child is four years of age or older;

(B) each person who has significant knowledge of the child's history and condition, including educators, child welfare service providers, and any foster parent of the child; and

(C) the parties to the suit;

The CFE approach makes this easier to do.

If you are unsure about using CFE on your case ask yourself this, “Is this child still connected to connections they had before they came into care.” If the answer is no, then the need for CFE is there. Talk to your supervisor about the next steps.

During CFE Activities, which also includes general advocacy, an advocate may take photographs of a child or children to document their time in child protection custody.

1. The photos are only allowed under the following conditions:
 - a. Requested or required by the court to be included with or in the court report;

The purpose of the volunteer travel reimbursement policy is to help CASA of Galveston County assist volunteers with the travel costs for long distance travel to visit their CASA children.

The following guidelines are to govern the reimbursement and distribution of these funds:

Paid staff serving as the assigned volunteer is eligible to receive reimbursement for travel.

For exceptionally long distances, flying may be the only feasible option, in which case the entire amount is eligible.

SECTION 24: VOLUNTEER ADVOCATE STATUS

Nothing herein shall be construed as creating an obligation on the part of CASA to utilize the services of a volunteer advocate for any length of time. Volunteering with CASA is “AT WILL” meaning that either party may terminate the relationship at any time, with or without notification.

Active

An active volunteer is currently appointed to and working a case.

Inactive

An inactive volunteer is a volunteer who is currently not assigned to a case and is not fulfilling any other duties of a Galveston CASA volunteer (in-services, contact with supervisor, etc.). A volunteer may be inactive for a period of up to 12 months (see Leave of Absence Below).

Leave of Absence

A volunteer may request a leave of absence from all duties associated with Galveston CASA at any time. **The length of the leave may be up to 12 months from the beginning date of the leave.** If a volunteer returns to active volunteer status after 6 months but before 12 months of inactivity, the volunteer may be required to complete a refresher course with the curriculum to be determined by the Executive Director and documented before active status will be granted. **After 12 months, the volunteer will no longer be eligible to return to their duties as a Galveston CASA volunteer unless they complete the full 30 hours of required pre-service training discussed in Section 6.6.**

Ineligible

Dismissed

A dismissed volunteer is a volunteer who has been asked to leave Galveston CASA. Any volunteers dismissed from the program will be considered ineligible for future reinstatement as an advocate.

Duration of Volunteerism

At Galveston CASA, volunteerism is at-will, that is, the volunteer or Galveston CASA may terminate with or without cause and with or without notice at any time. Nothing in this handbook or in any document or statement will limit the right to terminate at-will. No manager, supervisor, employee, or volunteer of Galveston CASA has the authority to enter into an agreement for volunteerism for any specified period or to make an agreement for volunteerism other than at-will.

SECTION 25: ADVOCATE SAFETY

Safety

When performing your CASA volunteer duties, always use common sense. Never put yourself in a situation that feels unsafe. Please call your Advocate supervisor whenever you have questions, concerns, or need advice. Your safety is important to us, so please do not take risks.

The following safety tips should help you make some decisions, but please use your judgement to ensure your safety.

- Ensure you have the correct address before visiting a home or placement.
- Always ask an adult for permission to enter a placement or home. An Advocate should not be in a home or placement without another adult present.
- Confirm the date, time, and location of your visit before traveling to the location. If the family does not have a phone, try contacting them via mail or speaking with them in person at a court hearing or supervised visit.
- Visit unverified placements (homes of respondent family members and relatives who have not been thoroughly checked out) with your Advocate Supervisor.
- Take a cell phone with you. If you do not own a cellular phone, borrow one.

- Carry pieces of identification.
- Do not wear expensive clothes or jewelry. Drive an inconspicuous car if possible.
- Use *67 to block Caller-ID services when calling from your personal phone. If the number you are dialing does not accept anonymous calls, call from the CASA office.
- If you must leave a message, give your supervisors direct phone number.
- Do not give your CASA child your personal phone number. Use your supervisors' direct line when leaving a call back number. Give your number to the professionals such as caseworkers and therapists only at your discretion and with the understanding that the number does not become a part of the case record and will not be available to others.
- If anyone asks why you won't give out your home information-blame us. Let them know it is one of the strict agency policies that you agreed to uphold when you become a CASA volunteer.
- If the neighborhood does not look or feel safe, do not go through with the home visit, even if you have already set an appointment.
- Only make home visits in the daytime if possible.
- Do not let children visit your home or know your home information. Your home is not a temporary housing option, even for one night.
- Always know your location and call 911 if there is a problem.

WAIVER for FACE-TO-FACE CONTACT

The agency may seek an overall waiver from face-to-face contact with a child/children during a time of emergency/disaster by making such request to Texas and/or National CASA if one has not been provided to the overall network to ensure ongoing standards compliance by both membership associations.

1. The Executive Director will be responsible for requesting, receiving, and communicating such waivers and the staff will document a waiver via Contact Log in Optima.
2. The staff and volunteers shall be considered to have no requirement for any face-to-face contact for CASA business until such a time that the waiver has been lifted and face to face contact has been reinstated.
3. The staff/volunteer on waiver shall be responsible for maintaining regular contact with children (as developmentally appropriate), CPS, placement, case parties and their CASA supervisor, and for documentation of these contacts in Optima. It is preferable from a safety standpoint that communication with children be increased during this waiver to more frequent contact; suggested weekly to twice monthly.

4. The staff supervising their case shall be responsible to maintain no less than twice monthly phone and/or email contact with the volunteer to coach and guide their case contacts, and to support them as needed.
5. The staff and volunteer together shall maintain responsibility to prepare court reports for any statutory hearings or motion/progress settings in accordance with above protocol.

Transporting Children

It is the policy of CASA Galveston County, that at no time and for any reason is an advocate or staff allowed to transport any child or family member with whom the advocate/staff is working; nor is it permissible for the advocate to invite and/or receive clients into his/her home.

The Galveston CASA advocate or staff is never, under any circumstances, to ask a member of the advocate's or staff's family or friend of the advocate/staff to transport clients or their families. An advocate/staff should not suggest to any client that such transportation is a possibility.

Galveston CASA has established this policy for the protection of the advocate/staff and the CASA agency itself against any liability, which would result from an accident or injury to a child or other person being transported by an advocate/staff.

Failure to comply with this policy will result in immediate termination from your role as a CASA advocate.

SECTION 26: OTHER VOLUNTEER ROLES

Section 26.1 Partner Volunteer

This partner volunteer policy is in place to support our advocates and staff, when needed, in traveling to and from child visits or family or sibling visit observations. The partner volunteer is defined as a person who has completed a volunteer application, child abuse registry background check and national criminal background check through the FBI fingerprinting service, signed a confidentiality agreement, and is approved by the Executive Director.

The partner volunteer's role is limited to transportation assistance for a volunteer and or staff and will be documented as such in Optima under the volunteer/staff record. The partner volunteer will not serve in a primary, sworn-in CASA advocacy role and will not be assigned to carry out any duties of a sworn-in CASA advocate.

Following are the procedures for requesting and utilizing a Partner Volunteer:

1. The CASA Advocate or staff member must make a request for a partner volunteer to accompany them. The initial request will be submitted to the Director of Advocacy (for

volunteers) or the Executive Director (for staff), and the partner volunteer must meet the above criteria to be approved.

2. Each time a CASA Advocate or staff member uses the services of a partner volunteer, a log must be made in Optima noting the date, time, and location to which the advocate or staff member and partner volunteer travelled.
3. The partner volunteer will not interact with the child, the court, attorneys, foster parents, caregivers, or any other person related to or involved in the case.
4. If any privileged or confidential information is obtained by the partner volunteer, this information must be held in the strictest of confidence pursuant to the confidentiality agreement signed by the partner volunteer.
5. The partner volunteer will be assigned as a volunteer in the case in Optima by the Director of Advocacy but will not be assigned to the child(ren). Partner volunteers are strictly assigned to accompany an advocate or staff member when needed.

Any change in the partner volunteer's contact information must be timely submitted to the Executive Director before the partner volunteer may return to service. No person will be able to serve as a partner volunteer until all requirements are met as stated above.

Section 26.2 Community Engagement Volunteer

A community engagement volunteer is an advocate who volunteers his or her time by assisting CASA of Galveston County with community outreach events. This includes, but is not limited to, hosting an information table, and speaking engagements.

A community engagement volunteer must:

1. Have gone through pre-service training and swearing-in
2. Signed and submitted the COVID-19 acknowledgement waiver prior to attending any in-person engagements if such waivers are required during times of emergency orders and or disasters.
3. Attend events with a member of the CASA staff *or* have prior approval from the Executive Director or the Recruitment and Training department to represent CASA of Galveston County at a community program or gathering.

Section 26.3 CFE Assistant

It is the goal of CASA of Galveston County to implement Collaborative Family Engagement on every case so that each child's network of healthy and caring adults can be identified, connected, and strengthened.

The CFE Assistant is a current CASA of Galveston County Advocate that is in good standing with the agency who supports the CFE Coordinator by completing assigned CFE activities as needed.

The CASA of Galveston County CFE Assistant is a meaningful way to support CASA and serve children by either not working a current case or in addition to working a case currently. As a CFE Assistant, you could complete the Affidavit Discovery Form (ADF), which is an internal document that is completed at the start of every new case that our agency is assigned to. This document is to be complete within seven business days of receiving the Original Affidavit. It takes approximately 30-60 minutes to read the Affidavit and fill out the Affidavit Discovery Form. Another creative way to serve as a CFE Assistant is to conduct CFE Family Searches utilizing the Family Connections, Connect Our Kids search engine.

After an initial, one-time training and registration through Family Connections, the CFE Assistant can conduct maternal, paternal, or both searches using this site which takes approximately 30-120 minutes to complete, depending upon complexity. The search results are to be complete within seven business days of receiving the case.

[CFE Assistant Acknowledgement Form](#)

I acknowledge that I understand the role and responsibilities of the CFE Assistant and agree to perform the duties to the best of my ability.

Section 26.4 Tutoring Volunteer

For a child to receive a tutor, an Education Referral Form for tutoring will be sent by the advocate supervisor. A member of the Education Committee will match a volunteer tutor to the child. The volunteer tutor will be contacted to request tutoring assistance. The tutor would be added to the case in Optima.

A current volunteer who wants to participate in the tutoring program will communicate their interest to the Director of Advocacy or designee. The volunteer will also state what subjects and grade levels they are comfortable with. No specific qualifications are required, except an interest in educational advocacy.

This volunteer can be currently assigned a case but cannot tutor the child they are assigned to as the advocate volunteer.

The case in Optima should be updated with current educational records and contact logs by the advocate supervisor and volunteer advocate assigned to the case. Frequency of tutoring will be based on the child's needs. Tutors will be expected to enter contact logs for their tutoring time and mileage, if applicable, in Optima.

If tutoring occurs in person, the face-to-face waiver must be signed if emergency protocols are in place that would require such waiver. Tutoring may occur virtually if that suits the needs of the child.

I acknowledge that I understand the role and responsibilities of the tutoring program.

SECTION 27: REINSTATEMENT

It is the policy of Galveston CASA to require 30+ hours of pre-service training to any CASA Volunteer who takes a leave of absence for a length of time that exceeds one (1) calendar year from the time of departure.

For CASA Volunteer to be considered reinstated, a documented discussion with the Advocate Supervisor must be approved by the Executive Director, with completion of the Galveston CASA required training certificate. The Executive Director will then place this document in the volunteer file.

A volunteer who has been dismissed is not eligible for reinstatement.

SECTION 28: ADVOCATE EXIT

We hope you will find a rewarding and enjoyable volunteer experience with CASA; however, we realize that for one reason or another, sometimes the volunteer relationship must end.

If you voluntarily decide to leave the program, please give as much notice as possible in writing to your Advocate Supervisor. Written notice should include the reason for the resignation and the last day the advocate will work their case, along with the advocate's signature and the date notice is being given.

If CASA ends your relationship, we will contact all the parties involved in the case and discuss next steps to ensure the best interests of the children you were serving are met.

All records and the CASA badge must be returned within 10 days of the last day of working on the case.

SECTION 29: EXIT INTERVIEWS

Upon leaving CASA's service, you may be asked for your comments concerning your period of volunteerism. Your input helps us to evaluate our policies, procedures, benefits, work environment, and other variables affecting your volunteer experience with us.

SECTION 30: GROUNDS FOR IMMEDIATE DISMISSAL FROM CASA

The CASA Executive Director has the authority and discretion to discharge an advocate from his/her responsibilities with CASA. Appropriate grounds for dismissal may include but are not limited to the following:

1. The advocate takes action without program or court approval or is outside the role of the powers of the CASA program.

If it appears a CASA Advocate has violated one or more of the above, the CASA staff will speak with the advocate and explain the violation, gather an explanation, and then discuss future action by outlining specific guidelines.

If the CASA Advocate does not then follow the specific guidelines discussed, the CASA Advocate is subject to discharge or termination from the program.

Once a CASA Advocate has been terminated, the advocate's file will be closed, and the CASA Advocate will be expected to return their badge as well as all case file information immediately.

SECTION 31: REFERENCES AND RECOMMENDATIONS

It is the policy of CASA not to provide references regarding former advocates. CASA will only verify dates of service and only with the expressed permission of the advocate. No other advocate or staff member may give a personal or professional reference without the approval of the Executive Director. CASA may, in its sole discretion, make exceptions to this policy; however, such exceptions normally will not be made unless CASA receives a written authorization and release from the former advocate. If you have any questions or concerns, please see your Advocate Supervisor or Executive Director.

SECTION 32: GRIEVANCE POLICY

A grievance is any concern that arises in the application of policy, procedures, or practices. The policy set forth is intended to serve as a means for respectful problem resolution. All grievances

In the event the Executive Director is unable to reach a decision and/or the grievance is of such a nature that it might interfere with the normal functions of CASA, then the Executive Director shall bring this matter to the next scheduled board meeting for consideration. The board shall issue its decision in a written statement to the advocate/community member and the Executive Director within five working days of its meeting. This decision shall be final.

CASA assumes no liability for personal items. If you voluntarily bring personal items to the office, you assume the risk should they disappear.

Telephone Manners

Often the first impression a client receives of CASA is over the phone. Answer with a cheerful expression in your voice and identify yourself when placing or answering a call.

Solicitation of Contributions

An Advocate shall not be required to contribute to any fund or collection. No solicitation or office collection may proceed without the approval of the Executive Director.

SECTION 34: PUBLICITY RELEASE STATEMENT

I hereby agree that Galveston CASA, a nonprofit charitable and educational organization, and its staff, agents, and affiliates may photograph and video and/or audio record me in connection with CASA educational, informational, promotional, marketing, and other activities (the "Activities").

I agree that CASA will be the sole and exclusive owner of the results of such photographing and video and/or audio recording. CASA shall have the sole and exclusive right, throughout the world, an unlimited number of times in perpetuity, in any media now existing, known, or hereafter created, to use, copy, publicly perform, publicly distribute (including posting on its website), store, publish, prepare derivative works with respect to, and otherwise use, reuse, or license others to use, in any manner, all or any portion thereof in connection with the Activities or otherwise. Photographs or images may include pictures of me in whole or in part, composite or retouched in character or form. I also acknowledge that CASA may choose not to use these materials at this time but may do so at its own discretion at a later date.

I agree that, in connection with the activities consented to above, CASA may, without compensation, permission or notification, use and license others to use my name, voice, likeness, and any biographical material concerning me which I may provide in all media in connection with the activities or otherwise, and I hereby release CASA from any claim based on publicity rights, invasion of privacy, or defamation in connection therewith.

I affirm that I am over the age of eighteen (18) and have the right to contract in my own name. This agreement shall be binding upon me and my heirs, legal representatives, and assigns. I have read this agreement and I fully understand the contents of this agreement.

SECTION 35: REPORTING CONCERNS

Section 35.1 Policy Against Discrimination and Harassment.

CASA strives to provide all volunteer advocates with an experience that is free from any unlawful discrimination, harassment, intimidation, hostility, or other offenses, which might interfere with

performance of the volunteer duties. Unlawful discrimination or harassment, whether physical or verbal, is strictly prohibited, and will not be tolerated by an advocate, staff member, board member or others at our Agency. This includes (but is not limited to) racial slurs, ethnic jokes, posting of offensive statements, posters, cartoons, words, signs, pranks, intimidation, unwelcome physical contact, violence, or other similar conduct. Behavior prohibited by this policy also includes requests to engage in illegal, immoral, or unethical conduct. All such conduct will not be tolerated and constitutes grounds for immediate dismissal.

Section 35.2 Sexual Harassment

Sexual harassment can occur in many forms, including but not limited to unwelcome sexual advances, requests for sexual favors, other verbal or physical contact of a sexual nature, leering, gestures, and more subtle advances or pressure inviting sexual activity. Such conduct is unlawful when:

1. Submission to the advances is made a term or condition for continued volunteer advocate status.
2. Submission to or rejection of the advances is used as the basis for making decisions regarding the advocate.
3. Such sexual conduct interferes with the advocate's performance or creates an intimidating, hostile, or offensive working environment.

Section 35.3 Complaint Procedure for Discrimination and Harassment

If an Advocate feels he/she has been treated in violation of this policy, he/she should immediately report the alleged act to his/her Advocate Supervisor for documentation and appropriate response. The conduct should be reported directly to the Executive Director if the alleged perpetrator is the Advocate's supervisor. If the alleged perpetrator is the Executive Director, the report should be given to the Board of Director. CASA will immediately investigate all complaints of harassment and discrimination in as discreet and confidential a fashion as possible. If unlawful discrimination or harassment is determined to have occurred, the Agency will take prompt corrective action against the offending person(s). The corrective action may consist of verbal or written warnings or other action, up to or including termination. CASA will not tolerate retaliation of any kind against person(s) who report incidents of any kind of illegal discrimination or harassment. However, in the event the investigation reveals that the allegation was false or made in bad faith, appropriate corrective action will be taken.

Section 35.4 Whistleblower Protection

CASA will protect whistleblowers as defined below.

- CASA will use its best efforts to protect whistleblowers against retaliation, as described below. It cannot guarantee confidentiality, however, and there is no such

thing as an “unofficial” or “off the record” report. CASA will keep the whistleblower’s identity confidential, unless (1) the person agrees to be identified; (2) identification is necessary to allow CASA or law enforcement officials to investigate or respond effectively to the report; (3) identification is required by law; or (4) the person accused of Fraud Policy violations is entitled to the information as a matter of legal right in disciplinary proceedings.

- CASA staff may not retaliate against a whistleblower with the intent or effect of adversely affecting the terms or conditions of employment (including but not limited to, threats of physical harm, loss of job, punitive work assignments, or impact on salary or wages). Whistleblowers who believe that they have been retaliated against may file a written complaint with the Executive Director or President of the Board. A proven complaint of retaliation shall result in a proper remedy for the person harmed and the initiation of disciplinary action, up to and including dismissal, against the retaliating person. This protection from retaliation is not intended to prohibit supervisors from taking action, including disciplinary action, in the usual scope of their duties and based on valid performance-related factors.
- Whistleblowers must be cautious to avoid baseless allegations (as described earlier in the definitions section of this policy).

Section 35.5 Confidentiality

It is CASA’s policy not to release information concerning a complaint of harassment to third parties or to anyone within the Agency who is not directly involved in the investigation, unless required by law or to properly complete an investigation. The purpose of this provision is to protect confidentiality, encourage the reporting of any incidents of harassment, and protect the reputation of any person(s) wrongfully charged with harassment.

Section 35.6 Policy for Open Door / Problem Resolution

The purpose of this policy is to provide advocates with an effective way to bring problems concerning them and their CASA work to the attention of CASA management, when warranted. Therefore, this Problem Resolution Policy has been established for the benefit and use of all advocates.

Misunderstandings or disagreements may arise in any organization and should be resolved before serious problems develop. Most incidents resolve themselves naturally; however, should a situation persist that an advocate believes is detrimental to their work for children, the advocate should follow the procedure described here for bringing the complaint to CASA’s attention. CASA values and wishes to promote an amiable and cooperative environment. Our Open Door/ Problem Resolution policy is reflective of our commitment to our values and provides you with the best possible volunteer experience.

CASA encourages an open and frank atmosphere where concerns, suggestions and questions can be discussed. We strive to ensure consistent and honest treatment of everyone involved with CASA. Everyone involved with the CASA program is expected to treat each other with mutual respect. Many problems can easily be resolved simply by discussing them openly.

Section 35.7 Informal Problem Resolution

Advocates are encouraged to share concerns and feedback with their respective Advocate Supervisor/Program Manager/Director of Advocacy. If for any reason you feel uncomfortable speaking with your direct supervisor, please talk to the Executive Director. Advocates should feel confident that issues impacting the agency will be discussed and shared with the Program and Executive Directors.

SECTION 36: SOCIAL MEDIA POLICY

This policy governs the use of social media by employees, volunteers, and Board members of Galveston CASA. For the purposes of this policy, social media is defined as any facility for online publication and commentary, including, without limitation, blogs, wikis, and social networking sites such as Facebook, LinkedIn, Twitter, Flickr, Tumblr, TikTok, and YouTube.

This policy applies to all uses of social media, including personal, by Galveston CASA employees, volunteers, and Board members. Publication and commentary on social media carry similar obligations to any other kind of publication or commentary. All uses of social media must follow the same ethical standards that Galveston CASA employees must otherwise follow. It is never acceptable to publish confidential information on social media.

If you are representing Galveston CASA on social media sites, respect your audience. These groups reflect a diverse set of customs, values, and points of view. Avoid arguments on social media, particularly of controversial issues. Don't try to settle scores, cause controversy, or goad volunteers or co-workers into inflammatory debates through social media. Do not use your social media profiles to defame or embarrass a co-worker, volunteer, program stakeholder, child victim, or their families. Always consider how other parties in a case might feel about your statements. Make sure that your social media use does not interfere with your job or commitments to volunteers or the children you serve. Policy violations will be addressed and subject to disciplinary action, up to and including termination for cause.

Don't say anything contradictory or in conflict with Galveston CASA. Be respectful of your co-workers, volunteers, and Galveston CASA stakeholders. This includes ethnic slurs, offensive comments, defamatory comments, personal insults, obscenity, etc., as well as the careful consideration of topics that may be considered objectionable or inflammatory.

When you engage in social media and online communication, you become a public figure. As a public figure that is associated with CASA, you have a responsibility to help protect this organization and our clients.

Social Media Policy

- Galveston CASA volunteers and staff may not friend children served by any CASA program, respondent parents, the children's extended family or kin, or kinship care providers. If someone without access to the child is looking for him or her, this precaution will prevent the child from being located through your social networking profile. It also encourages healthy boundaries.
- Galveston CASA encourages employees to keep privacy settings at a level that restricts their content to people who you have chosen to share with.
- Galveston CASA recommends choosing a profile photo and a profile name that would not embarrass the employee or Galveston CASA in court or divulge any information that should not be shared.
- Galveston CASA strongly discourages employees/volunteers from using social networking profiles to comment on divisive social, legal, or political matters, especially those related to child welfare.
 - Always comply with the law regarding copyright/plagiarism. Never post someone else's work without their express permission (other than short quotes that comply with the "fair use" exceptions).
 - Be aware of laws related to libel and defamation of character. Defamation of character can lead to lawsuits against the author of the statement and will reflect negatively on the CASA cause. In choosing your words or content, imagine your supervisor, your family and all parties on your CASA case are reading everything you post.
- **Don't be a hero.** If you see something negative posted about CASA online, don't jump to our defense immediately because you might just feed the flames of someone who just wants to pick a fight online. Please inform us if you see a negative representation of CASA Program. online and we will determine the best way to respond or not.

SECTION 37: SUBSTANCE ABUSE FREE POLICY

CASA is committed to providing a safe, efficient, and productive environment. Using, selling or being under the influence of any substance of abuse may pose serious safety and health risks. In support of this commitment, CASA has established the following Substance of Abuse Free Policy.

This policy applies to all individuals on CASA premises. This policy also applies to any person conducting business on behalf of or in the name of CASA, no matter where that business takes place.

Substances of Abuse are defined as:

- Any substance, legal or illegal, consumed, injected, inhaled or otherwise present in the body for purposes other than that for the treatment of a specific illness or disease pursuant to an order from a licensed medical practitioner authorized to prescribe the substance.
- Any substance available without a prescription, which is used for purposes other than those which are medically recognized for that substance.
- Alcohol: when consumption meets or exceeds the State of Texas legal limits for “intoxication”.

The following activities are specifically prohibited by this policy:

- Performance of duties while intoxicated or under the influence of any substance of abuse as defined above. “Under the influence” with respect to substances of abuse means any detectable level in the person’s body, which impairs the individual’s ability to perform regardless of when or where it may have been consumed, inhaled, or injected.
- The unlawful manufacture, possession, distribution, sale, transfer, or purchase of any substance of abuse while on CASA property or while acting in the capacity of a Volunteer or representative of CASA, or while attending a CASA sponsored event. This policy does not apply to alcoholic beverages served at a CASA approved or CASA sponsored function. However, under no circumstances is the consumption of alcoholic beverages to exceed legal limits as determined by the State of Texas.
- The use of any legally prescribed substance could impair the individual’s performance or attention to safety regulations while on CASA property or while acting in the capacity as a Volunteer or representative of CASA.

In the event that any violation of this policy could constitute a violation of criminal law, either State or Federal, CASA will inform the appropriate law enforcement officials and will cooperate fully with any investigation or prosecution of the individual(s). Any individual covered under this policy convicted under a criminal statute for a violation of the substance of abuse laws, must notify CASA no later than five (5) days after the conviction.

Advocates who have substance abuse problems, regardless of whether they directly affect performance or constitute violations of this policy, ought to seek medical treatment for their problems prior to being found in violation of this policy.

CASA reserves the right to conduct “for cause” searches and inspections of individuals covered by this policy, subject to applicable Federal and State law. CASA, at its sole discretion, can search all CASA property as well as personal effects, including but not limited to baggage, briefcases, purses, or vehicles, brought on CASA premises. Advocates who refuse to consent to a search will be discharged for failure to comply with CASA policy. Other individuals who fail to consent will be removed from CASA premises and will not be permitted to return.

This policy may be amended, revised, or updated by CASA at any time without prior notice.
